The Most Connected Building in Canada

Cologix is your network neutral partner, providing more than 200 local customers with buying power and direct interconnection with 150+ unique networks in the onsite Meet-Me-Room (MMR), in addition to connectivity with the building's MMR and the Toronto Internet Exchange (TorIX). Cologix also offers connectivity to a robust ecosystem of cloud providers, including Microsoft Azure ExpressRoute and IBM Cloud from our Toronto data centres.

Relentless & Scalable Infrastructure

Cologix Toronto matches customers' redundancy needs, with highly reliable power solutions including 2N uninterruptible power systems (UPSs), backup generators and redundant chillers and an energy-efficient cooling system, using Lake Ontario water to cool the building. The technology-forward hot aisle containment system with in-row cooling also provides rapid power installs as well as flexibility on power densities.

Certified & Secure

Security measures include: 24/7 by security guards, dual interlocking doors, keycard access, biometric, and closed-circuit TV (CCTV) systems. Additionally, the data centre has the following attestation reports: SOC 1, SOC 2, HIPAA and PCI compliance.

Why Cologix in Toronto?

Customers prefer Cologix Toronto because of the prime downtown locations, as well as the network reach--offering all leading providers available in the region. Clients also find the data center's reliability, upgrades and redundancies augmented by the ease of doing business with Cologix.

The Cologix logo features the word "cologix" in a lowercase, sans-serif font. A stylized blue swoosh underline is positioned beneath the letters "o", "l", and "i".The text "TOR1 TORONTO DATA CENTRE" is displayed in a bold, uppercase, sans-serif font. The background of this section is a photograph of the Toronto skyline at sunset, with the CN Tower prominently visible against the orange and yellow sky.

Site Specifications

TOR1: 151 Front Street West
